

## Environmental Pathways in the Classroom

A Project Learning Tree, Project WET,  
and Project WILD Workshop  
for Pre-Kindergarten – Grade 8 Educators

Saturday, November 4, 2006

8:30 a.m. – 4:30 p.m.

Whole Village Family Resource Center, Plymouth

### About this Workshop

This workshop will introduce pre-service and in-service, formal and nonformal educators to the award-winning curriculum materials of Project Learning Tree (PLT), Project WET, and Project WILD. These programs are designed to take forests, wildlife, and water and make them real for students. Activities are easily infused into everyday school subjects and busy classrooms. Each is aligned with national and state curriculum frameworks.

At the workshop, you will receive the following:

- PLT's *PreK-8 Environmental Education Activity Guide*
- Project WET's *K-12 Curriculum and Activity Guide*
- Project WILD's *K-12 Curriculum and Activity Guide*
- Supplemental materials specific to the natural resources of New Hampshire, to support each of the guides
- Staff development credit for in-service educators
- Great posters and much more!

*"This workshop, along with the materials, will be an unbelievable tool for me! I am excited to implement them into my classroom."*
